Academic Year 2020-21

July 1 , 2020 – June 31, 2021

In the context of the Companies Act, 2013 and the mandate for corporate social responsibility (CSR) that Symbiosis Law School, NOIDA decided to establish the Institute Social Responsibility (ISR) Cell. Dr Meenakshi Kaul heads the ISR Cell. ISR, SLS-N works in collaboration with the industry and with leading NGOs to make a meaningful difference in the day-to-day lives of the needy.

The academic year 2020-21 was undoubtedly an adamant phase for everyone. The ISR Cell, SLS-N, during the Covid Pandemic, decided to create an online awareness campaign via Emails. It was undoubtedly a challenging task, requires long term consistency as just one email cannot create awareness. ISR Cell needed a heavy focus on these emails for the desired outcome over time. Let's take a look at some awareness emails to figure out how we started the campaign.

Teacher's Day | September 05, 2020

One of the most distinguished scholars of the 20th century, **Dr. Sarvepalli Radhakrishnan's** birth anniversary is celebrated as Teacher's Day on September 5 every year since 1962.

He once said that "true teachers are those who help us think for ourselves".

As such, we would like to thank all our teachers for helping our students become independent minds. Happy Teacher's Day!

Dr. Radhakrishnan, who served as the first Vice President of India and the second President of India, was honoured with Knighthood in 1931, and Bharat Ratna in 1954.

Acclaimed for dedicating his life towards education and improving the standards in the field of education, Dr. Radhakrishnan was nominated 16 times for the Nobel Prize in Literature, and another 11 times for the Nobel Peace Prize.

International Literacy Day

September 08, 2020

Did you know
**India's literacy rate is 81% overall and
91% among the youth?**

World Literacy Day 2020

UNESCO proclaimed September 8th as 'International Literacy Day' in 1966 to remind the international community of the importance of literacy for individuals, communities and societies, and the need for intensified efforts towards more literate societies.

The issue of literacy is a key component of the UN's [Sustainable Development Goals](#) and the UN's [2030 Agenda for Sustainable Development](#).

International Literacy Day 2020 focuses on "Literacy teaching and learning in the COVID-19 crisis and beyond," especially on the role of educators and changing pedagogies.

The theme highlights literacy learning in a lifelong learning perspective, and therefore, mainly focuses on youth and adults.

The recent Covid-19 crisis has been a stark reminder of the existing gap between policy discourse and reality: a gap that already existed in the pre-COVID-19 era and negatively affects the learning of youth and adults, who have no or low literacy skills, and therefore, tend to face multiple disadvantages."

December 9, 2020

Let us spread awareness about corruption
and how to combat it.

Anti-Corruption Day

9TH DEC 2020

Every year, trillions of dollars – the equivalent of more than five per cent of global Gross Domestic Product – are paid in bribes or stolen through corrupt practices that seriously undermine the rule of law and abet crimes such as the illicit trafficking of people, drugs and arms.

Together, we can raise awareness and put a stop to corruption across the world.

Human Rights Day is observed every year on December 10 — the day the United Nations General Assembly adopted, in 1948, the [Universal Declaration of Human Rights](#) (UDHR). The [#UDHR](#) is a milestone document that proclaims the inalienable rights which everyone is entitled to as a human being - regardless of race, colour, religion, sex, language, political or other opinion, national or social origin, property, birth or other status.

2020 Theme: Recover Better - Stand Up for Human Rights

This year's Human Rights Day theme relates to the COVID-19 pandemic and focuses on the need to build back better by ensuring Human Rights are central to recovery efforts. We will reach our common global goals only if we are able to create equal opportunities for all, address the failures exposed and exploited by COVID-19, and apply human rights standards to tackle entrenched, systematic, and intergenerational inequalities, exclusion and discrimination.

[10 December](#) is an opportunity to reaffirm the importance of [human rights](#) in re-building the world we want, the need for global solidarity as well as our interconnectedness and shared humanity.

Under UN Human Rights' generic call to action "Stand Up for Human rights", we aim to engage the general public, our partners and the UN family to bolster transformative action and showcase practical and inspirational examples that can contribute to recovering better and fostering more resilient and just societies.
