

Research & Publication Cell

Symbiosis International (Deemed University) is abode to various Research Programs and Centers, many of which are international in their focus. The University provides various opportunities to its Faculty members, Staff and Students to pursue their research interests. Symbiosis Centre for Research and Innovation (SCRI), established in 2009, is the dedicated department of SIU for promoting and facilitating research among students and faculty. Through its academic and administrative services, SCRI enables researchers to achieve excellence in their work, and eventually, translates SIU's vision of creation of knowledge for the benefit of the Society into reality.

Symbiosis Law School, being a constituent of Symbiosis International (Deemed University) has Five years integrated Under-graduate Law Programs both, B.A L.L.B and B.B.A L.L.B and One year Master of Laws, L.L.M program. The law school realizes the need for interdisciplinary integration for legal enrichment in line with the objectives stated under the University Grants Commission (UGC) and Bar Council of India (BCI)- the statutory bodies governing the working of legal education in Universities . In the wake of various notifications issued by these statutory bodies, under the aegis of SCRI, SLS NOIDA conducts various Lecture Series, Workshops, Conferences, Collaborative Research, Pro-bono Projects, Faculty Development Programs, Consultancy Training Programs and similar allied activities to facilitate Faculty Members, Staff and Students through its Research and Publication Cell.

Research and Publication Cell has been constituted with its primary objective to enhance Research Opportunities, Real-World Problem Solving, Knowledge Creation, Dissemination and Multidisciplinary Research in the field of law. It further provides a prime venue for meeting students with shared interests to interact with Academia and Non-academia community- Industries, NGOs, Law Firms: National and International– for a practical approach.

Objectives of the Cell

The objectives of the cell are to:

- Provide opportunities for the Faculty Members, Staff and Students to receive requisite training and practical skills to effectively contribute towards research in the legal environment.
- Instill amongst the learners the art of active listening, effective writing and speaking skills so as to expand their horizons of knowledge and thought process.
- Convert research thoughts into tangible ideas using legal databases so as to present them with a new dimension.
- Enhance a researcher's understanding of his or her ethical responsibilities and roles while undergoing the research process.

Institute Research Committee

The Institute Research Company at SLS NOIDA includes members from the institute as well as external members from industry and academia. The role and responsibility of IRC of the Constituent/ Department of the University shall be as under:

- To suggest Topic/ Area for Project/ Dissertation/ Case study.
